MS. FOGLE'S

NEWSLETTER - 10/26

Science

6th Grade is ending out their Earth's History unit this week. A new unit with rocks and minerals will start next week with introduction labs on the types of rock.

7th Grade is ending out their unit on biological organization and will begin their unit on cells and cell theory in the next week.

8th Grade after having constructed simple motors to observe the Law of Conservation of Energy in action, we will be finishing out our unit. We will soon be starting our next unit on Atoms and Molecules (Atomic Theory).

Mathematics

6th Grade - Started our Module on integers. So far, we have learned how to graph and order positive and negative integers.

8th - We are finishing Chapter 2 (Real Numbers) this week. We will begin Chapter 3 next week. Our focus will shift to solving multi-step equations.

News

VIRTUS Information

- If you want to be a chaperone or volunteer, you must complete VIRTUS training as required by the Archdiocese.
- Please visit https://stcletusschool.com/volunteering/ or reach out to the school office with any questions.

Science Fair

Students will have chosen their science fair topics at this time.

We will have at least one day a week for science fair work days, but students should still be working on their project outside of school as well.

Upcoming dates:

- Background Research Report (Rough Draft) Oct. 30
- Final Draft Background Research Report- Nov. 5
- Experiments Done - Nov. 30
